## Ovid in China

Reception, Translation, and Comparison

Volume Editors: Thomas J. Sienkewicz and Jinyu Liu

*Ovid in China* offers a fresh look at an ancient Roman author in a Chinese context and often from a Chinese perspective. The seventeen essays in this volume, by a group of international scholars, examine Ovid's interaction with China in a broad historical context, including the arrival of Christian missionaries in 1294, the depiction of Ovidian scenes on 18th-century Chinese porcelain, the growing Chinese interest in Ovid in the early 20th century, a 21st-century collaborative project to translate Ovid's poetry into Chinese with commentary, and comparative studies on such themes as conceptualization of time, consolation, laughter, filicide, and revenge.

### Readership

The book is intended for a wide audience, including those interested in Ovid, Latin Literature, reception of Ovid's poetry in a non-Western context, cross-cultural translation, and comparative studies.
